eClinicalWorks EMR:

We have expertise in performing Transcription, Coding, Billing & Collection right into eCW since 2006. We do have HL7 integration with eClinicalWorks for secure transfer of medical data.

As we do for numerous doctors, we can pay your monthly EMR Subscription fee on your behalf when you decide to sign up with our Billing & Collection service. We do provide unlimited EMR support at no cost as well. We have expertise in assisting doctors to get themselves eligible with HITECH act to get stimulus incentive of \$44,000.

Collection Ratio:

We have a proven track record of getting 98% of claims collected. We would be glad to get you a few of our client references for you to know their feedback before you decide to try our service for a week.

Credentialing (For new practice):

We assist providers to get contracted with all federal, commercial and workers' compensation insurance payers along with Clearing House enrollment and EDI setup.

No Obligation Trial:

We offer a no obligation free trial for a period of one week in Account Receivables. This will help you to better evaluate our expertise in Medical Coding, Billing & Collection.

BillingParadise's rate card:

Why BillingParadise?

- ❖ 99% accuracy in coding and billing to zero down denials.
- ❖ Clean claim submission within 12 hours (overnight) to get paid on time.
- ❖ Relentless and 100% follow-up on receivables within 7 days of claim transmission for faster reimbursement.
- ❖ 98% of claim payment from the insurance companies on time.

How BillingParadise can maximize your revenue-flow?

- ❖ By dedicating Certified Medical Coders (CPC) having 5 years expertise in your specialty for error-free coding.
- ❖ By analyzing the codes by specialty specific Certified Medical Coders for maximum reimbursement.
- ❖ By dedicating 24 hours Medical Billing & Collection team having 7 years expertise in eClinicalWorks EMR.
- ❖ By scrubbing the claims for zeroing the denials.
- ❖ By following-up with insurance companies relentlessly from the 7th day of claim transmission.

Security:

We comply with HIPAA regulations and maintain high confidentiality of patient information. We sign NDA with every employee and audit on daily basis that none of the patient information goes out of our premises. Our internal Network is protected with Microsoft ISA firewall. We have updated Servers, and uninterrupted power supplies to meet any contingency.

We hold an US patent on the synchronization of analog audio to digital medium. We have implemented this solution for one of the big radiology centers in NY.
